PROFILE

I'm Tonnam, a recent architecture graduate from Chulalongkorn University. From a young age, I have been deeply fascinated by the world of art and design. As I pursued my studies in architecture, my passion for exploring structures grew immensely. Designing my own architectural masterpiece has become my dream. Now, as a fresh graduate, I am eagerly taking on the path of a junior architect. I am excited to put my skills into practice and strive for excellence in the field.
